Accelerator theory 168
Additive models 49
Alternate plans 18, 22, 42, 45, 69
Assisted areas 118, 121, 135
Association of District Councils 100, 107, 123, 139, 142

Benchmark plans 31, 36, 42
Best practice techniques 164, 187
Borda–Kendall method 45
Business "start up" grants 100

Chartered Institute of Public Finance and Accountancy 106, 109
Community Programmes 93
Compensating variation 171
Compensatory models 49
Consensus maximization approaches 45
Concordance analysis 54, 66, 68, 75
Cooperative Development Agency 103
County Councils
  expenditure on economic development and promotion 110, 134
  industrial development 97

Decision analysis 11
Decision making 15
Development Areas 94, 120, 144
Development Commission 97
District Councils
  expenditure on economic development and promotion 109, 134
  industrial development policies 91, 100, 106, 109, 134
DYRHOD 44

Econometric models 180
Economic base multiplier 169
Economic development and promotion, district councils 106, 109, 134
Economic impact analysis, bibliography 191–209
  impact studies 191
  methodological issues 202
  policy impact studies 199
  regional and urban models 206, 207
Economic impact analysis, U.K. literature survey 163–190
  economic base multipliers 169
  input–output models 172
  intersectoral flows analysis 179
  Keynesian income and employment multipliers 164, 189
  multiplier concepts 164
  social accounting 171
  sub-national econometric models 180
  U.K. studies 180
Educational establishments, economic impact studies 181
ELECTRE 33, 51, 54, 72, 75
Employment multipliers 165
English Estates 97
Enterprise Allowance Scheme 103
Enterprise Trusts 142
European Agricultural Guidance and Guarantee Fund 94
European Community, industrial development 93
European Coal and Steel Community 94
European Investment Bank 94
European Regional Development Fund 93, 102, 105
Expected value criterion 51

Financial inducements 126
Fire station location in Canada 67
Forecasting model 174
Function-form 30

Generic planning problem 11, 18, 64, 79
Goals Achievement Matrix 17, 22
Grand Index 25

Grants, industrial development, district councils 94, 100, 126

Health centres in Zambia, site selection 65
Highlands and Islands Development Board 97

Ideal plans 36
Immigration, income multipliers 166
Impact studies
  bibliography 191–202
  economic base multipliers 169
  input–output models 172
  intersectoral flows analysis 179
  Keynesian income and employment multipliers 164, 189
  multiplier concepts 164
  social accounting 171
  sub-national econometric models 180
  U.K. studies 180
Impact values 28
Income multipliers 164
Industrial contraction, multiplier effect 169
Industrial development initiatives, role of district councils 85–156
  community-level intervention 98
  county-level intervention 97
  district-level intervention 98
  European-level intervention 93
  national government intervention 94
  regional-level intervention 97
Industrial Improvement Areas 103
Industrial plants, economic impact studies 182
Input–output models 172
  limitations 178
  sub-national 174
  U.K. 186
Input–output multipliers 169
Interest groups 22, 27
Intermediate Areas 95, 120, 144
Intersectoral flows analysis 179
Investment grants 94
Investment, multipliers 168

Job creation grants 100
Jobs, employment multipliers 165

Keynesian income multipliers, economic impact 164, 189

Labour subsidies 98
Lexicographic ordering methods 40
Loans for economic development 127
Loan Guarantee Scheme 103
Local authorities, industrial development 91
Local income multiplier 167
Locally Unwanted Land Uses 78

Manpower Services Commission 103
Metropolitan county councils 98, 110, 113, 134, 137
Mid-Wales Development 97
Minowski distance measure 43, 44
Motorway location, France 69
Multi-Attribute Decision Making 10, 15
Multi-Attribute Trade Off System 52
Multi-Attribute Utility Theory 10, 15, 51
Multi-criteria decision making 1–84
  additive models 49
  benchmarks and ideal plans 36
  components 21
  concordance methods 54
  consensus maximization approaches 45

  priority rating problems 73
  related fields 10
  route alignment problems 69
  scores and impact values 28
  site selection problems 65
  standardization of raw data 32
Multi-Objective Decision Making 10, 15
Multiplicand 167
Multipliers, economic impact analysis 164

National government intervention, industrial development 94
National input–output 173
National Programmes 93
Not In My Back Yard 78

Office and Service Industries Scheme 94
Oil development, economic impact studies 184
Outranking methods 54, 73

Planning Assistance Through Technical Evaluation of Relevance Numbers 22, 52
Planning Balance Sheet 17
Policy impact studies, bibliography 199
Principled negotiation 78
Priority rating problems 72
Probabilistic Linear Vector Analysis 52
Programme assistance, ERDF 93
PROMETHEE 58
Public Choice Theory 10, 16

Quotas, ERDF 93, 105

Redundancy, multiplier effect 169
REGIME 58
Regional Development Grants 94, 105, 106, 138
Regional Employment Premium 98
Regional industrial policies 91, 97, 105, 120, 134
Regional input–output models 174
Regional models for economic impact analysis, bibliography 206
Regional Selective Assistance 94, 105, 106, 138
Relevance Matrix 23
RHOD 44
Route alignment problems 69

Saaty's Analytical Hierarchy Procedure 52
Scottish Development Agency 97
Sectorial multipliers 168
SELECTRA 57, 72, 75
Service projects, grants 94
Simple additive weighting 50
Simple Multi-Attribute Rating Technique 52
Site selection, MCDM 65
Small Firms Information Service 103
Social Accounting 171
Spatial Impact 171
Spatial industrial policy 91, 93
Special Development Areas 94, 120, 144
Standardization of raw data 32
Sub-national econometric models 180
Sub-national input–output models 174

Technique for Ordered Preference by Similarity to Ideal Solution 43
Tourism, economic impact studies 181
Tourist multipliers 168
Transformation functions 34
Transportation, MCDM 73, 74

U.K., economic impact analysis 157–209
Unemployment, district council expenditure 116
Urban Aid programme 102
Urban base multipliers 170
Urban models for economic impact analysis, bibliography 206
